Mini Magnifying Glass Pendant

You've come across an incredible drawing by Titian in sumptuous sepia tones, highlighted with white. You examine the half-faded signature under magnification... This antique piece of Ikat fabric. You've always wanted to study its weave to understand how the weaver worked. This photograph of your grandmother from 1919, surrounded by 27 classmates. Was she wearing earrings? A tool for curious minds. Practical, authentic and extremely decorative. This small brass magnifying glass features a two-tone bronze finish. Origin: Asian
Period: New
Materials: Brass

Dimensions: H 7.5 x 4.5 x 1 cm
