

Produit "Brunei" console table in wood and stainless steel
 Référence 22168

"Brunei" console table, with legs and uprights in 201 stainless steel: sturdy and resistant to corrosion
 . The stainless steel base is joined to form a central triangle, ensuring perfect stability
 . The semi-circular top is made of rubberwood, finished in a walnut-coloured varnish. The front is decorated with an openwork rubberwood panel, edged with polished stainless steel.

The BRUNEI console table is a unique design inspired by the shape of stingrays. Its interplay of curves and lines, combined with its dual-material finish, adds a contemporary touch whilst retaining a nautical feel.
