"Solar System"

Mobile. As we gaze at the night sky, we wonder about the size and vastness of the universe. On such a vast scale, our solar system seems infinite and overwhelming. It is easier to understand indigenous creation myths, Newtonian and Galilean theories, and major historical discoveries by observing the solar system on a smaller, more comprehensible human scale. These are scaled-down models of our planetary system that are both scientific and decorative, showing the planets orbiting the Sun rather than the Earth, as early scientists believed.

Origin: Asian

Period: New

Materials: Plexiglas

Dimensions: H 45 x 135 x 51 cm

Caractéristiques

Dimensions	Ht 45 x 135 x 51 cm
Material	Plexiglas
Origin	Asiatique
Era	Neuf

Prix CHF 148.00 TTC
