

Produit Renaissance-style domino set with board
 Référence 29117

Renaissance-style resin domino set with wooden

board. The original was carved from ivory by a Dutch Renaissance artist. It is probably the most unusual set of dominoes in the world. Each tile has its own moral significance; some of these meanings have been lost over the centuries, whilst others remain known. Display tray with French-style finish. A unique gift with a historical theme. Origin: Asian

Period: New

Materials: Resin

Dimensions: H 3 x 29 x 21 cm
