

Produit "Queen Mary II" model ship
Référence 1319A

Model of the "Queen Mary II" ship:

345 metres long, 41 metres wide and 72 metres high... the equivalent of a 23-storey block of flats – these are the dimensions of the Queen Mary II. A true giant of the seas, its construction – completed in a record time of 23 months by the Chantiers Navals de l'Atlantique – required the involvement of over 20,000 people across all trades. The world's largest cruise ship therefore set sail from Saint-Nazaire in 2005 on its maiden voyage, bound for Southampton, its future home port...
